Look What They're Doing With Tractors, Combines!

Canadian farmer mounted a second steering wheel on the side of his tractor cab and modified the seat so it swivels toward either steering wheel. Lets him do field work without having to look back over his shoulder... see p. 3.
"Side Steer" Tractor Has Two Steering Wheels

"Combine" Mower
Old combines make nifty mowers, according to a Minnesota farmer who made a 7-ft. mower out of a self-propelled Deere... see p. 2.

Collectors all over North America would like to get their hands on this one-of-a-kind Deere tractor parked on an Oregon farm... see p. 2.
